January 19, 2012

Dear Sun City Democrat:

This is the time for Texas and Williamson County Democrats to make a difference. The people of Texas are expressing their displeasure with the status quo of our Republican office holders and the disastrous underfunding of schools, continued favored treatment for polluters, cruel decisions to ignore healthcare, and insensitive actions to allow the future of the children of Texas to dissipate. With the elections coming up, your money is now essential. Democrats intend to win local, state, and federal races in the near future, not just go through the motions. The party has identified quality candidates to contend. Local and state elections can be won by Democrats.

Our goal for 2012 is \$15,000. We can make history. IMPACT is your best way to get the most effective use of your political contributions. Help us meet our goal. Dig deep. It cannot be a more important time to turn around the disastrous Republican policies. Let's begin a new progressive agenda for Texas teachers, children, and citizens disproportionately suffering. Be a part of a new Texas. Contribute. Contribute. Contribute. Any amount will be appreciated. I know times are tight, but I would urge you to go the extra mile and make a suggested contribution of a least \$120.00 that can be paid by check in the full amount or by equal monthly automatic bank draft payments. (NOTE: Contributions are not deductible for federal income-tax purposes.)

1. Make a check payable to "IMPACT" and send in using the enclosed pre-addressed envelope or drop off at Dwaine's front porch (722 Independence Creek Lane) or
2. Use the attached **Bank Direct Withdrawal FORM** to spread out your contribution over a period of time.

Sincerely,

Dwaine Boydston, Treasurer
